Brand New Book ***** Print on Demand *****.Excerpt from The Channel-Stane: Or Sweepings Frae the Rinks The chief object of this work is to collect, and put together in a convenient and handy form, the fugitive literature relating to the Game of Curling. The Prospectus recently issued set forth, that, with the assistance of subscribers forwarding such information as came to their knowledge, the matter might be easily effected. To a certain extent this has already been accomplished, and we are in hopes that as the work progresses, more material will be forthcoming, whereby not only a comprehensive but at the same time an exhaustive collection may be the result. To further this object, all interesting references to the game, whether in prose or in verse, should be forwarded to the Editor, to be made use of in their proper time and place.
