From the plagues of the seals, trumpets and bowls to the two witnesses to Antichrist, rapture, the millennial reign and the lake of fire, The Revelation Code portrays a fictional but possible series of events experienced by a group of archaeologists working a dig near Jerusalem. That group discovers an imaginary commentary that explains the Revelation manuscript. The commentary is imagined to be contained in two scrolls written by St John the Apostle shortly before his death. After an antiquities dealer's unscrupulous attempts to steal the scrolls they are secured by the archaeologists and serve to function as the guide to the actual unfolding of Tribulation events.
