White Knight Press, United States, 2013. Paperback. Book Condition: New. 213 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.The Leica D-Lux 6 is one of the top choices for photographers who want an advanced camera they can carry around to capture great images without the complication and weight of a DSLR or other large camera. With features such as a very fast lens with an aperture of f/1.4, excellent image quality, and a solid array of burst-shooting capabilities, the D-Lux 6 has attracted an enthusiastic following. However, the camera does not come with a detailed printed manual for reference, making it hard for users to find answers to questions about the use of the camera s many controls, menus, and features. With the release of this guide book to the D-Lux 6, White Knight Press has provided users with a comprehensive guide to all operations of this sophisticated camera. Using a patient, tutorial-like approach, the book provides guidance to beginning and intermediate photographers about how to accomplish things with the D-LUX 6, as well as when and why to use the camera s many controls, menus options, and other features. The book does not assume specialized knowledge by the reader as it explains topics such as autofocus, manual focus, depth of field, aperture priority, shutter priority, exposure bracketing, white balance, and ISO sensitivity. The book also provides details about the camera s numerous options for playback, setup, and customizing the operation of the various buttons and other controls. The book contains approximately 400 photographs, almost all in full color, illustrating the D-Lux 6 s controls, shooting screens, and menus. The images also provide examples of the various types of photographs that can be taken using the many creative settings of the camera, including the...
